

CITROËN C4

THE CITROËN RANGE

Here at Citroën we have come a long way since we created the world's first all-steel bodied car. Today we are recognised for our innovative technology and original designs. Our world-leading, fuel-efficient engines respect the environment and our outstanding safety features guarantee one of the safest driving environments available. We are fully committed to delivering outstanding customer service to back up the fantastic Citroën Model Range.

We're proud to be part of such an iconic brand and we look forward to helping you choose a car that means you too can enjoy the driving experience offered by Citroën's Créative Technologie.

Director General
Citroën UK

C4

1924

Citroën creates the B10 and the world's first all-steel bodied car is born.

1949

Twenty five years later, the iconic 2CV is launched and stays in production for over 5 decades!

A HISTORY...

1989

The prestigious, XM makes its debut, showcasing Citroën's advanced Hydractive computer controlled selflevelling suspension.

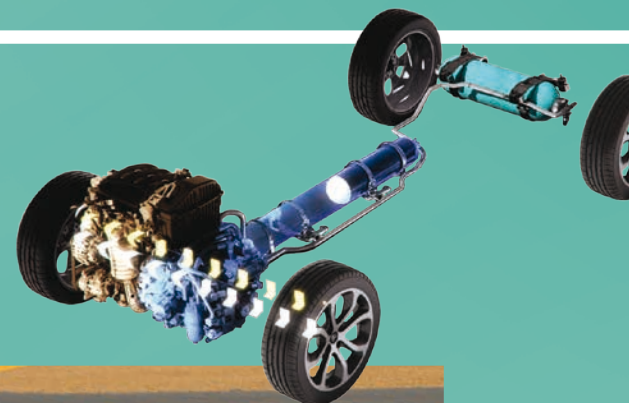

2008

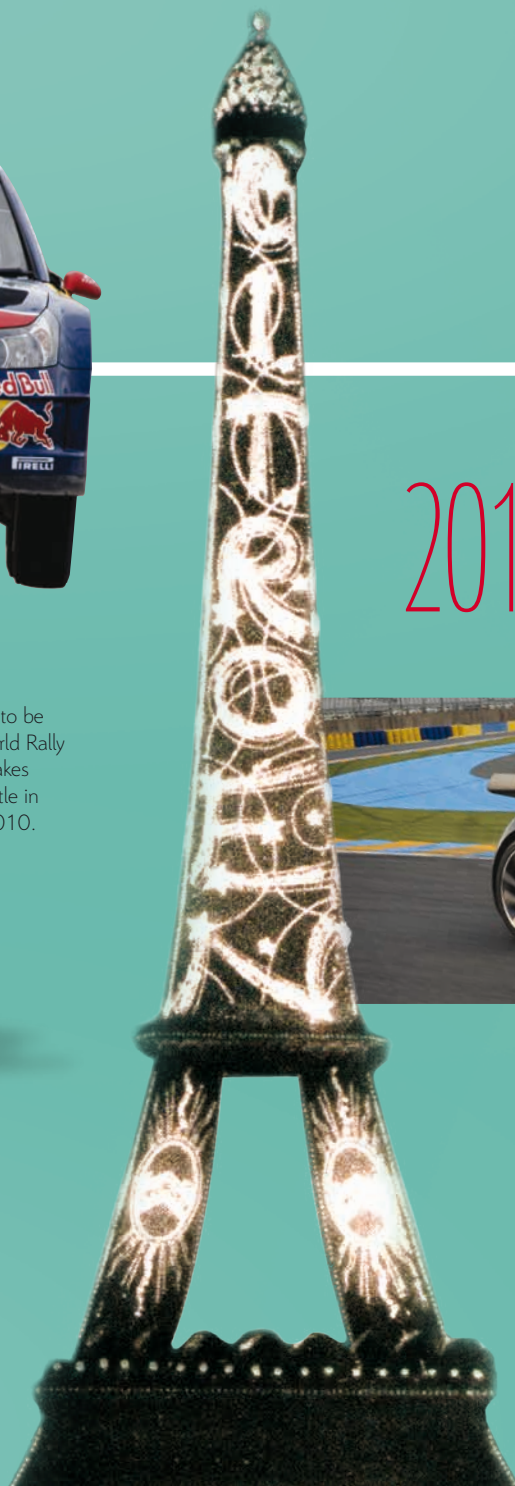

The C4 WRC proves to be an all-conquering World Rally Champion. Citroën takes the Manufacturers' Title in 2008, 2009 and 2010.

2010

The innovations keep coming – quietly – with Citroën Survolt concept. A thrilling, clean, whisper quiet electric car.

...OF INNOVATION

2013

Never content to rest on our laurels, the innovative Citroën C3 Hybrid Air is unveiled at the Geneva Motor Show.

YOU & YOUR C4

Well known for interior quality and sheer comfort, sure-footed handling and reliability, Citroën C4 now builds on these strengths. With the latest useful technology, striking new lights and Euro6 engines across the range, this elegant hatchback gains style and substance where they matter most.

FRESH FACED

The face of Citroën C4 features an expressive LED lighting signature that sends a clear message about the latest models. Sharp and contemporary, the headlight design tapers subtly into the front wings, creating an unmistakable first impression.

CITROËN C4

At the rear you will find fresh new styling too. Here the latest 3D effect lights perfectly match the simple tailgate design and add to the car's purposeful modern stance.

ASSERTIVE PERSONALITY

There's a flowing confident feel about the whole design of the Citroën C4, and fresh details enhance its assertive presence, such as the optional impressive, dynamic 17 inch 'Miami' alloy wheels which add visual drama.

Two beautiful new colours – Spirit Grey and Platinum Grey – are now available to perfectly complement the curves and lines of your Citroën C4 and a sweeping, smoothly integrated panoramic sunroof can also be specified.

NEW LIGHT TOUCHES

Take a close look at the cutting edge new lighting and you will discover an inspiring combination of beauty and function. The headlamps use LEDs for both daytime running lights and indicators, giving you eye-catching style and brightness in all conditions.

The compact rear light clusters feature a vivid 3D effect design that is a stunning example of sophisticated technology and attention to detail.

QUALITY THROUGHOUT

Inside the Citroën C4 the feel of quality can be found everywhere. You will feel it in the soft touch dashboard, the perfectly weighted controls and the precision of the fit and finish. From the first moment you will appreciate the quietness found within the well-insulated cabin.

Quality

To enhance the sense of tranquillity, there is a fresh simple and uncluttered dashboard design, which on Flair versions includes the new fully integrated touchscreen, for fuss-free clarity and control.

PERSONAL SPACE

There is room for everyone to stretch out and relax in the Citroën C4, thanks to a long wheelbase and intelligently designed interior. Seats are welcoming and exceptionally comfortable and in Flair models are now trimmed in the refined new 'Liberal' cloth.

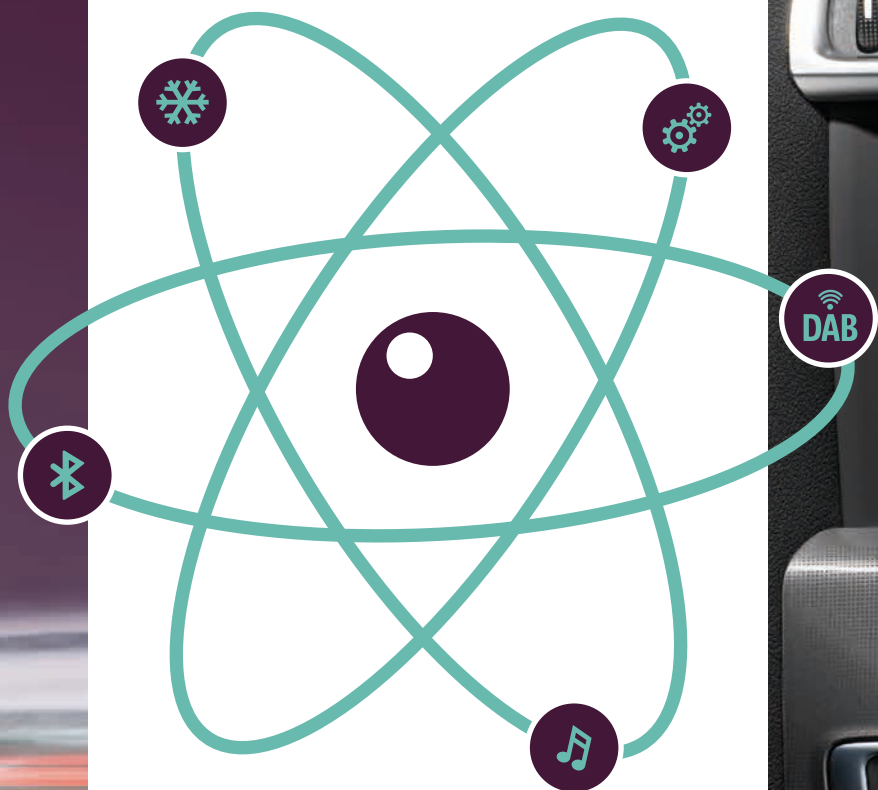

From Feel models, fine tuning the driver's seat is simply a matter of adjusting the lumbar support. This, along with the height and reach adjustable steering wheel, means a superb driving position on any journey in the Citroën C4. Storage is made easy with the drawer under the front passenger seat, somewhere to put small personal items out of sight.

INNOVATION MADE EASY

Enjoy the intuitive clarity of the new 7 inch touchscreen that incorporates all audio and optional navigation functions and important vehicle settings in one instantly accessible place. Fitted at the heart of the elegantly simple new dashboard, touchscreen is fitted as standard on Flair versions and is optional on Feel versions, this is fingertip technology designed for your needs.

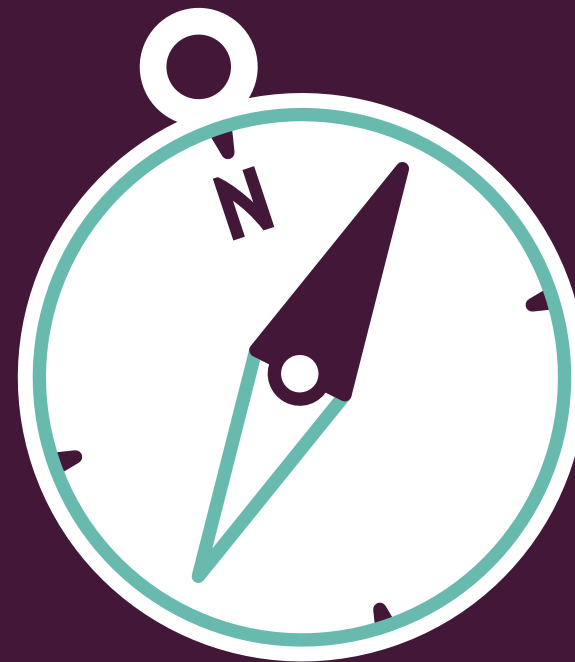

From Feel model level, you also gain the clear sound and effortless functionality of DAB digital radio for spot on information and entertainment.

EQUIPPED FOR EVERYWHERE

Wherever you go, the Citroën C4 provides the technology for easier and more satisfying journeys. Cruise control with speed limiter makes light work of the longest runs, while equipment such as Hill Start Assist and rear parking sensors, where fitted, make steep gradients and tight spots that much easier.

On Flair versions, you also benefit from the Auto Pack, that includes automatic lights and wipers, auto-dimming electrochrome rear view mirror and automatic dual zone air conditioning ensuring an easy and safe journey.

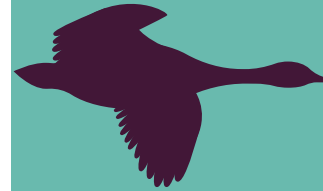

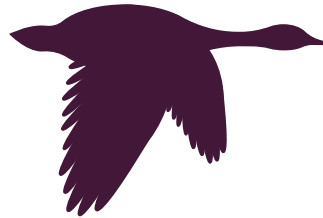

NEW EFFICIENCY DRIVE

The Citroën C4 is available with an exciting choice of new engines. Every one of them is Euro6 compliant, which means that you will be able to achieve exceptionally low CO₂ emissions and will pay no road fund licence in the first year of ownership.

Whether you choose a smooth PureTech petrol engine or go for an advanced BlueHDi diesel, the figures speak for themselves. The PureTech 130 model for example produces as little as 107g/km CO₂, while the BlueHDi 100 S&S emits just 86g/km CO₂.

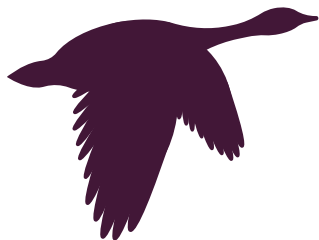

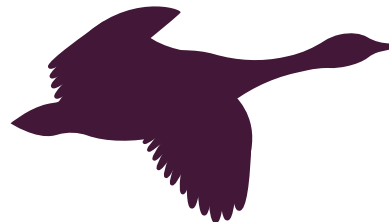

MILES AHEAD

In the Citroën C4 you can relax and go the distance, knowing that you're not wasting resources or your budget. Fuel efficiency is excellent on every model, so you're free to enjoy the drive.

Make your journeys in a PureTech 110 model and you will see over 60mpg combined, while the super-efficient BlueHDi 100 S&S returns more than 85mpg combined.

PLUS SOPHISTICATION

Choose the Flair model from the Citroën C4 and you can create your ultimate version by adding the Plus Pack. This includes a wide range of technology that enhances every aspect of your car, from style to convenience and comfort..

Plus Pack Convenience brings Keyless entry & start which make setting off seamlessly simple. On the move, the blind spot monitoring system provides a new level of reassurance and safety, while satellite navigation points you in exactly the right direction. Or choose 17 inch 'Miami' alloy wheels for that touch of individuality.

BUILDING ON INSPIRATION

Providing a great mix of contemporary comfort, all round quality and dependable engineering, the sleek Citroën C4 builds on its well established strengths to create a unique and inspiring car. The result is a choice of three desirable hatchbacks. Simply explore each specification to find your perfect match.

TOUCH. IMPRESSIVE START

The style, natural refinement and dynamic prowess of the Citroën C4 are each highlighted by the extensive Touch specification. From the brand new LED lighting signature to cruise control with speed limiter and air-conditioning, everything important is covered from the start.

FEEL. FURTHER REFINED

Citroën C4 Feel adds design, material and technology enhancements to create a sense of advanced luxury and sophistication. Whether you're admiring the striking 16 inch alloy wheels, handling the leather trimmed steering wheel or keeping in touch via the Bluetooth® handsfree system, you'll quickly appreciate what we mean.

FLAIR. NEW HEIGHTS

Citroën C4 is designed to make the most of the generous specification, and this is it. High points include front fog lights with cornering function, the clarity and sophistication of the 7 inch touchscreen plus the Auto Pack that brings you automatic dual zone air-conditioning, lights and windscreen wipers.

CITROËN INSURANCE

INSTANT COVER

To help you drive away your new car without delay, we offer Instant Cover insurance, providing you with 7 days comprehensive car insurance, for free!

MOTOR INSURANCE

Citroën Insurance has been designed specifically for our vehicles. You don't just get repairs you get Citroën expertise, service, quality and parts. So, when the time comes to renew your insurance cover, call Citroën Insurance on 0370 024 2725.

Lines open 8am - 8pm weekdays, 9am - 5pm Saturdays. Alternatively, visit www.citroen.co.uk for more information or to apply online.

Citroën Insurance policies are underwritten by U K Insurance Limited, Registered office: The Wharf, Neville Street, Leeds, LS1 4AZ. Registered in England & Wales No. 1179980. U K Insurance Limited is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. Citroën Insurance is a trading style of PSA Finance UK (company registration number: 01024322) having its registered office at Quadrant House, Princess Way, Redhill, Surrey, RH1 1QA.

Care for your Citroën C4 and it will look after you – like every Citroën it's part of legendary engineering heritage with reliability built in.

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

CITROËN WARRANTY

Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

* 2 years' unlimited warranty. No-fee customer option of 1 year's Dealer provided warranty, only on cars sourced from Citroën UK Limited. Note: Dealer provided warranty is limited to 60,000 miles for cars.

** Against all internal to external perforation to bodywork or underbody.

CITROËN ASSISTANCE

In response to a free telephone call in the UK, Citroën Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes.

Full details are available on request from Citroën UK via cuk_contactcentre@citroen.com

CITROËN MAINTENANCE

From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens.

To find out more, contact your Citroën Dealer or Citroën Authorised Repairer.

CITROËN SERVICING

Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles.

For further information, please contact your Citroën Dealer.

GLOSSARY

› PURETECH ENGINES

PureTech engines provide increased power with lower fuel consumption and emissions by adopting a smaller and lighter three cylinder configuration constructed of pressure-cast aluminium. In conjunction with low friction component coatings, improved air and fuel flow and optimised combustion, this allows engines to offer more power, better fuel economy and significantly lower CO₂ emissions.

› ANTI-LOCK BRAKING SYSTEM (ABS)

Computer-controlled braking assistance designed to prevent the wheels from locking under extreme braking. This enables the car to continue being steered and therefore controlled during this braking incident. Citroën C4's ABS system is further enhanced with EBA and EBD.

› EMERGENCY BRAKING ASSISTANCE (EBA)

As drivers we find it difficult to instinctively brake very hard, but this is often what is needed in those rare emergency situations. The EBA system recognises our 'attempt' to brake hard and in combination with the ABS and EBD systems instantly applies the maximum stopping power possible.

› ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

A conventional ABS system cannot account for any of the four wheels wanting to lock more quickly than the others (for example, two of the wheels may be on snow and two on tarmac). EBD reads the deceleration rate of each wheel individually and applies the braking effort accordingly.

› ELECTRONIC STABILITY CONTROL (ESC)

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESC's control unit constantly compares where the driver intends to go (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle under control.

› ON-BOARD TRIP COMPUTER

Citroën C4's multi-function on-board trip computer provides you with information at your fingertips. At the touch of a button you can view a range of data like fuel consumption, average speed and mileage possible at your current fuel level.

› FRONT SEAT BELT PRE-TENSIONERS

In the event of a crash, a pre-tensioner will tighten the seat belt almost instantaneously. This reduces the load on the occupant in a violent crash. Like airbags, pre-tensioners are triggered by sensors in the car's body, and use explosively expanding gas to drive a piston that retracts the belt. Seat belt pre-tensioners also lower the risk of "submarining", which is when a passenger slides forward under a loosely worn seat belt.

› ISOFIX

A standardised and more simple method for installing child seats, each seat is 'clicked' into place via a three point system. On the Citroën C4, Isofix is installed on the outer rear seats.
